

# Awareness Campaign Sponsorship Request Email

---

**Subject: [mention Name of the Charity Event] Sponsorship Request**

Dear Mr. / Mrs. [Name of the Recipient],

I am [mention Your Name in Full], the [mention Your Designation] of [mention Organization Name]. I am actually writing this email to request you to sponsor an event that our organization is planning to conduct. This event will be an awareness program on depression and mental health. As you know depression is now getting quite common in people and has also negatively affected many lives. Still, very few people talk about the reality and impacts of depression and mental health.

In this event, our main objective is to spread awareness regarding depression and mental health. There will be a short play and some speeches will also be made so as to better understand the mental health and mental issues and how to overcome them.

Therefore, I request you to sponsor this event as it will be a great service to the people. We will need a sponsor as we can't be able to organize such a big event all on our own. In return, the hoardings and banners of your company will be put everywhere as you will be the sole sponsor of the event.

I hope that you will take my request into serious consideration and will respond to my email as soon as possible. If you have any queries or questions, feel free to contact me via the given contact details.

Thanking you in anticipation.

Best Regards,

[Sender Name]
